part I, line 1

Young Eisner Scholars ("YES") is a 501(c)3 nonprofit organization with over two decades of education development work in underserved communities in Los Angeles, New York City, Chicago, and rural Appalachian North Carolina. For bright, ambitious students from low-income neighborhoods, a college degree represents a clear path out of the crippling cycle of generational poverty. However, this potential is often stifled by their circumstances: a lack of exposure and access due to financial, educational, and social inequality. YES identifies promising young students from Title I middle schools, and provides them with the essential resources and support necessary to make college and career success attainable goals. We aim for each student to have the opportunity to make choices about their educational and professional pursuits that are not restricted by their socio-economic limitations.

YES support is long-term and holistic, meeting the needs of our scholars at every level - academic, socio-emotional, mental & physical health, financial - and beginning in 6th grade and continuing through high school, college, and beyond career placement. At each level, YES works to address the multitude of challenges that historically have prevented low-income students from accessing academic, social, and career opportunities. YES provides the essential academic, social, and cultural preparation necessary for our scholars to overcome the opportunity, achievement, and awareness gaps endemic to their socioeconomic status.

Carolina and provides the long-term educational access, resources and support necessary to make college and career success an attainable goal.

Form 990, Part III, Line 4a, Program Service Accomplishments:

thorough middle school programming, scholars are accepted to and attend the country's most competitive independent, public, boarding, and charter high schools, from Harvard-Westlake to Exeter to Bronx Science. The YES high school program then builds on the skills they acquired in middle school, with an even more individualized approach to student success: connections to summer programs, academic tutoring, internship opportunities, mentoring, topical workshops, social-emotional wellness, and individualized college admissions counseling, including college tours and high-level standardized test prep. This programming is specifically designed to help foster independence and self-advocacy. The third phase is focused on college success, persistence, and graduation, as well as career placement. Our staff maintains frequent contact with YES college scholars, helping to adapt them to all aspects of the more challenging environment of college. We provide our scholars with the means to access both crucial and transformative social immersion opportunities around the country and the world, endowing them with the interpersonal, critical thinking and communication skills necessary to become competitive candidates for the workforce. From neighborhoods where fewer than 10% of adults have a college degree, 100% of YES scholars are accepted to the finest colleges across the country. More importantly, 94% of those students persist and graduate! YES scholars are attending and have graduated from medical, dental, &
